

CALL COLLECT REVERSE COST

The Call Collect Reverse Cost is part of the VAS solution. It allows a prepaid user without airtime, to make a call to a postpaid user, the cost of which will be allocated to the postpaid user's account. The postpaid user has the option to accept or reject this call (and its associated costs).

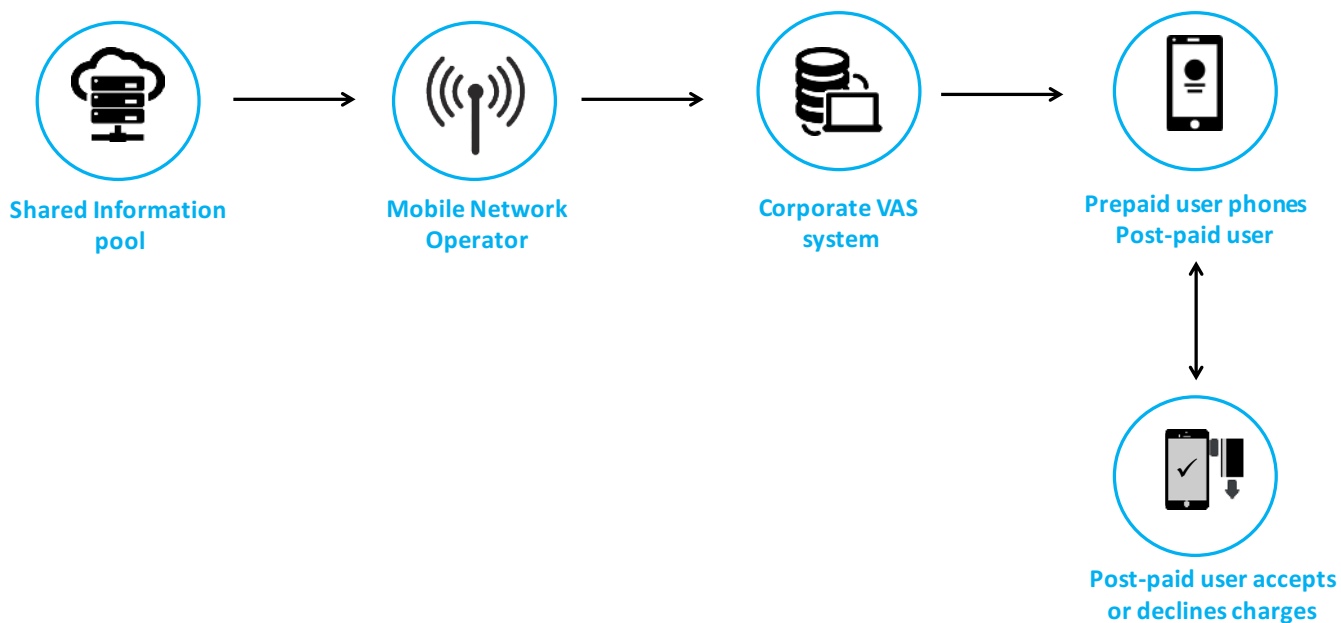

Key Features:

- ✓ Organizations can select the devices/users for which this solution will be enabled or blocked.
- ✓ If used as a task-driven check-in tool, this feature can help organization to monitor and evaluate progress/ KPIs.

Benefits:

- ✓ For corporate customers, the benefit of this solution is that their workforce can check in with their supervisors without needing airtime.
- ✓ Being limited to 5 Reverse Charge calls per day means that the organization can plan tasks and check-ins accordingly.
- ✓ No activation, subscription or airtime is required to make use of this service.
