

**Reporting** is part of the customer experience solution and allows operators and corporates to manage and optimize their spend through customized reports, which can be shared with customers in an easily-transferable format.

## Key Features:

Reports are viewed on the following dashboards:

- ✓ Operational dashboards, which display the current operational status.
- ✓ Strategic dashboards, which track Key Performance Indicators (KPIs).
- ✓ Analytical dashboards, which process data to identify performance indicators.

## Benefits:

- ✓ **Manages spend proactively, rather than re-actively, through data transparency.**
- ✓ **Identifies and manages existing and emerging trends.**
- ✓ **Identifies high-usage employees.**

## How it Works:

 Automated/ Scheduled Reports

Graphical insight and Reports 

 20 different type of Usage and Billing reports

All reports available can either be emailed or downloaded
